
About Run 4 Fun

Run4Fun creates 'happenings' that engage, excite and inspire people. Our management team specialise in organising events that encourage healthy lifestyles, physical activity and bringing communities together to have fun!

Let Run4Fun take the strain

We can handle every aspect of your event from creation, to delivery, leaving you time to enjoy the event itself without experiencing all the hassle. A run4fun event can be likened to a delicious meal. We work with you to design the menu then we source the ingredients, lovingly put them together with creativity and then silver service you a Michelin star meal!

Based in Manchester, home to the hugely successful 2002 Commonwealth Games, we operate throughout the United Kingdom and have extensive experience of running small and large scale sports, community health events and healthy living initiatives with the emphasis very much on fun and fitness... as our name suggests!

Partnership works

We are able to work with you to design and deliver any type of event that will meet with your objectives and budget, starting from the smallest of events such as a First Aid course for 12 people at a Bowling club or a Garden festival at the local Park, right through to large scale events for 1,000 or more. We work creatively and bring to life fresh, innovative ideas that will make your event stand out and be a huge success.

Training and Development

We can provide training and development packages that builds skills and develops confidence and self esteem and as Run4Fun works in partnership with a wide range of Sports Governing Bodies & agencies we are able to deliver a variety of educational & training opportunities.

Fundraising Events

Hugely important for many charities and community projects, not only can they raise significant sums but also are great for maximising publicity for your cause. From small, local events to large concerts and adventure challenges, we have the experience to help you and can undertake the creation and organisation of an event or provide support services such as risk assessments, equipment, PR and materials.

These events can either be one-offs or you can allow us to devise a full programme for you.

Donor Relationship Management

To ensure that you maintain these vital relationships Run4Fun can: Set-up and administer your donor database Create

and distribute regular communications including emails, newsletters and personally addressed letters. Advise and develop strategy Carry out recruitment drives Funding Applications & Sponsorship NRF, SRB, ERDF, regional development funds, trusts, sponsorship searches etcetra. But which ones are relevant to you and how to successfully apply? This is where we may be able to help.

Just let us know your project details and requirements; and Run4Fun will do the rest!
